

Incessant Technologies appoints Adrian Bignall as Global Head of Sales & Customer Success

London, UK: October 20, 2015

[Incessant Technologies](#) (an [NIIT Technologies](#) company NSE: [NIITTECH](#)), a leader in Digital Integration and the agile delivery of enterprise BPM solutions, today announced the appointment of Adrian Bignall as its new Global Head of Sales & Customer Success. In his new role, Adrian will be responsible for overseeing the global sales operations and focus on leading the growth strategy for Incessant.

Speaking on the appointment, Vijay Madduri, CEO, Incessant Technologies said, "I see Adrian's position as a strategic move to accelerate our growth strategy as we expand both our capabilities and geographic footprint. I welcome Adrian to Incessant."

Before joining Incessant Technologies, Adrian served as Vice President of Services, UK & Ireland for CA Technologies. He previously held the position of Consulting Regional Leader for the UK & Nordics at Pegasystems.

"I am delighted to join Incessant, a fast growing technology company which is focussed within the BPM arena. I firmly believe Incessant will be a major player in the Digital Integration space. Its recent strategic partnership with NIIT Technologies will also allow it to expand its global presence and breadth of domain expertise", said Adrian Bignall.
